ABOUT US

A family workshop.

We are a family business in Lithuania making wooden games, interior details and gifts – both for commercial use and for personal occasions.

Our products are used by companies to present themselves at trade fairs, for team events, and to shape the surroundings of schools and institutions; they also bring joy to families at celebrations and in their free time.

Since 2025 we have been members of the Šiauliai Chamber of Industry and Crafts. We share our experience with other businesses in the region, grow together with them and strengthen your confidence in us.

WOODEN GAME

Honeycomb for Schools

About the game. A single-sided Honeycomb labyrinth made especially for schools. Fixed firmly to a corridor wall, it takes up little space and is always ready to play – nothing to carry or set up. Using two handles, the ball has to be lifted to the highest possible hole while avoiding the obstacles on the way. One plays, the others watch and wait their turn. Develops hand–eye coordination, patience and concentration.

When to choose it. For school corridors, foyers and active break areas – when you want something to do during the break instead of a phone. Engraving of the school logo is included in the price.

We are currently building wooden mini golf lanes in the workshop. If this is of interest to you – write to us and we will tell you more as soon as they are ready.

FOR COMPANIES AND ORGANISATIONS

A game at your stand.

Companies often choose our games for trade fairs and events. A large wooden game carrying your logo naturally draws visitors to your stand and makes it easy to start a conversation.

1

Draws visitors in

People stop to play, and you start a conversation more easily. For trade fairs the usual choices are Table Football, Line Master, Honeycomb and Hole in the Wall.

2

Your logo – free of charge

We engrave the logo of your company, school or institution – it is visible on the game and in visitors' photos. Please send the logo in AI, EPS or SVG format.

3

Useful long after the fair

The game can be used in the office, on the terrace or at other events. We can also make it to your needs – for example, Noughts & Crosses with your own symbols.
